

# Helping People To Grow Better Together.

## “IT WON’T HAPPEN TO ME”

Overcoming the "It Won't Happen to Me" mindset in the workplace is essential for promoting a culture of safety and preventing accidents. By actively participating in this process, you contribute to a work environment that values safety, encourages risk awareness, and ensures a safer, more secure, and reputable workplace.

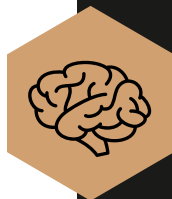

It won't happen to you until it does!

## TOOLBOX TALK

### IMPORTANCE OF AWARENESS

- Raises safety awareness, leading to proactive safety measures.
- Accident prevention.
- Complacency leads to accidents and non-compliance.

### CHALLENGE THE MINDSET

- Cultivates an awareness of potential risks and hazards.
- Needs to start with management and trickle down to workers.
- Experience does not equal safer.

### YOUR ROLE

- Commit to striving for excellence by leading by example.
- Hold yourself and your colleagues accountable.
- Refuse unsafe work.
